

My school : A few ideas

Introduction

I would like to tell you about my school. I go to Bellevue School in Albi.

I'm going

I am in year 9. I've been a pupil here since 2012/for 2 years.

General overview

➡ index card « Days-numbers »

➡ index card « Daily routine »

- It's a rather big (secondary) school / pretty large school with more than 700 pupils.
- It's not far from / it's close to the city centre.
- The buildings are ok and it is very pleasant because there is a huge park all around the school.

Transport

- I walk to go to school/I go there by bus / My parents drive me to school every morning.

Timetable

- I usually start at... and I finish at.... I have about 27 hours of classes a week.
 - We get a break at about 10 for 15 minutes and then lunch at about 11 or 12 for 1 or 2 hours.
 - I have lunch at the canteen. The food is quite fine. They serve all sort of things: vegetables, meat, cheese, fruit, salads, ...
- Yet we often have to queue for a long time before eating which is quite annoying especially when you don't have much time to eat.

Subjects

➡ index card « Personality »

- I study different subjects such as French, art, history, physics, maths, P.E., English, ...
- My favourite subject is because I think it is interesting (to learn about ...) I also quite like because it is challenging. I'm rather good at ...
- To my mind, ... is more useful than ... I prefer ... to ...
- funnier than ...
- Currently we're studying ... in biology. It's ...
- But I'm not very interested in/I'm not a big fan of .../I don't like ...very much because it is too complicated and I can't stand ... In my opinion, it can be very boring.
- The homework is quite stressful because we get a lot, especially in History and English.
- What I (also) (don't) like about school is (the fact that) ...

Past

- Last year, my favourite teacher was Mr Walsh. He was really dynamic. This year, my favourite teacher is Mr Adams because he is really fun. I also like Mrs Donovan because she is nice. I think Mrs Donovan is stricter than Mr Adams.

Conclusion

- So, to conclude, I am rather pleased / satisfied to study here because I can learn many things and see my friends.
- So, to conclude, I must admit I'm not really happy to be here.
